

Endorsement of Risk Register of Work Activities Undertaken
During the Overtime Exemption Period

Company Name:			
Address Conducted:			
Occupation	Department	No. Affected	Work Activities

I affirm that risk assessment was conducted for the above activities for the purpose of work to be undertaken during the overtime exemption period.

The risk assessment has taken into consideration (a) the length of extended working hours and (b) the types of work and workload of employees and include, where applicable, adjusted exposure limits to chemical/ noise and assessment of heat stress and manual material lifting. The risk level considers all implemented risk control measures.

The work activities undertaken during this period are of **LOW risk** and do not include those listed in **Annex A** of the application.

Signature of WSH Auditor
